

Our topic this half term has been Beast Creator! We have been learning about minibeasts and their habitats. We have learnt some really interesting facts such as, only 1 in every 100 stick insects are males. We also learnt that female stick insects are asexual. We had a fantastic time on our school trip to the Natural History Museum, when we attended a variety show workshop all about Archie, the giant squid. To end the topic, we created our very own deadly minibeats,
