

Barlby Primary School Newsletter

Date: Friday 17th September

Letter: 2

Thank You!

Our families have adjusted very well to the new start and finish times and very few children are late for school. We have worked hard on punctuality especially as the whole school is engaged in guided reading from 8.40am. We have also been impressed by attendance which was 95% this week.

Packed Lunches & School Meals

An increasing number of parents/carers are transferring their children to school meals thanks to the huge improvement in quality and choice.

Feel free to request a school meal trial. Your child can always return to packed lunch if you prefer. Our vision is for every child to enjoy a high quality nutritious meal at lunchtime.

Thursday 23rd September 2021

The press are visiting school next Thursday to photograph and promote our new school building. Please sign the slip which will be sent home in the next day or so to state whether or not we have permission to include your child/children in photos.

Drop Off & Collection

Our parents and carers have been brilliant with the new systems. We have tried to balance efficiency with safety as we have just one entrance currently. You have helped us by leaving buggies outside and collecting alone.

Thank you for wearing a face covering when inside.

Our New Website & Curriculum Maps

Our new website is now live and we are working on updating content. You will find your child's curriculum information for Autumn 1 on line but please e-mail the teachers if you require more information or have questions. E-mail addresses were sent home last week.
