

Year Group: Nursery

Week beginning: 2.5.17

Next week we will continue to base our learning on different transport types and journeys.

We will be:

- Thinking about opposites – light/dark, long/short, hot/cold etc.
- Exploring toy vehicles which are fast and slow – which toy vehicle would be the fastest/slowest when travelling down a ramp?
- Racing vehicles and using numbers to describe their position – which came first? Second? Third?
- Practising forming letters which are in our names
