

Year Group: 5

Week beginning: 1.05.17

- **Literacy:** We are starting a new unit based on a court case. We will be writing a trial that we will act out at The Royal Courts of Justice (more information to follow next week).
- **Maths:** We will be solving problems that involve division – we will also be learning a new method!
- Our topic will continue to explore space and we will learn about the phases of the moon and the reasons we have seasons and longer/shorter days and nights.

A date for the diary: Silver Birch are on a trip to The Science Museum on Wednesday 3rd May

***If you can volunteer to join us when we going swimming one Tuesday it would be much appreciated!
Please speak to Miss Nicholls/Miss Gallagher if you can make it.***
