

**Year Group: 5**

**Week beginning: 13.03.17**

After half term we will be learning about:

- **Literacy:** We are writing our balanced arguments based on the argument that keeping animals in captivity is cruel.
- **Maths:** We will be moving on to data handling, where we will analyse data in a range of graphs.
- Our topic will continue to focus on mini-beasts. We have just ordered some woodlice so we will be planning and carrying out an investigation that explores the conditions of their habitat they prefer.
