

**Year Group: 5**

**Week beginning: 8.05.17**

- **Literacy:** We are continuing to learn about criminal offences and sentencing. We will be acting out a court case from a real life case study.
- **Maths:** We will be focusing on quadrilaterals and their properties and exploring angles in triangles.
- Our topic will continue to explore space and we will learn about the force of gravity and carrying out a range of investigations to see if the mass of an object affects the speed it falls.

***Note: Robinia will be swimming on Wednesday instead of Tuesday next week. Silver Birch will still be swimming on Tuesday. If you can volunteer for either days, please let us know.***
