

February 2019

Natural History Museum!

On Friday 1st February we went on a school trip to the Natural History Museum for our topic Dinosaur Planet! We explored the museum and got to see dinosaur sculptures, bones, eggs and fossils. We learnt about the prehistoric period and tested our knowledge of the different dinosaurs and their characteristics and habits. We got to take part in the Sophie the Stegosaurus workshop which was so much fun. We test learnt about the different parts of dinosaurs and learnt about what it is like to be a palaeontologist. We had a great time and cannot wait to use our new information to help our learning back at school.
